1

RAW MATERIAL

We use only premium-grade quartz crystals, aggregates, binders, admixtures, and colorants to ensure not only the durability of the surfaces but also their aesthetics. Since the inception of our company, we have endeavored to provide high-quality stones that go beyond standard requirements and norms.

2

MANUFACTURING & PROCESSING

We have modern production facilities that are used to cut the slabs into different sizes for enhanced quality. Sizes of the panels are 125x306 cm to 156x317 cm with thicknesses of 2 to 3 cm help to meet the various needs in both residential and commercial construction. We are committed to meet the highest industry standards.

3

DISTRIBUTION & WHOLESALE

Having been a major distributor, we have developed a distribution channel that facilitates the timely delivery of the wide range of natural and engineered stones that we offer. We can easily satisfy the needs of our clients because our connectivity is extensive, which makes us available throughout the country.

4

FABRICATION & LAYOUTING

Our team of professionals can design and fabricate slabs for different projects as desired. They are both fashionable and functional and can be used in different settings. We pride ourselves in accuracy and quality in ensuring that we provide our clients with solutions that reflect their ideas.

5

ARCHITECTS & INTERIOR DESIGNERS

We always collaborate with architects to help them identify the right materials and shades for their unique concepts. Terrific Stones makes it very convenient for architects to get the right stone that will complement their creative design ideas for every project they are working on.

6

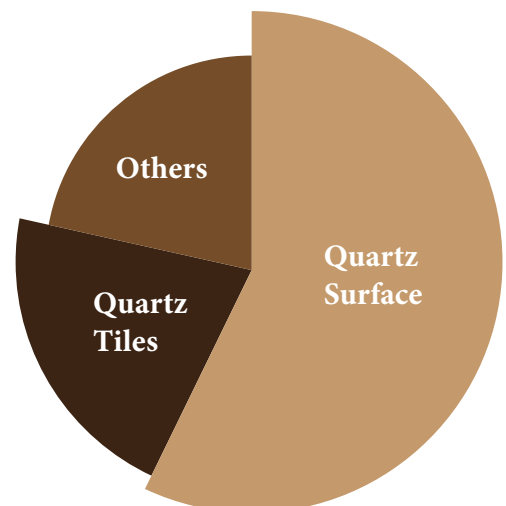

END USERS

We provide interior design and construction services to assist you in designing your dream home or office space. We are proud to offer professional service from start to finish and ensure that each aspect satisfies your unique aesthetics and preferences.

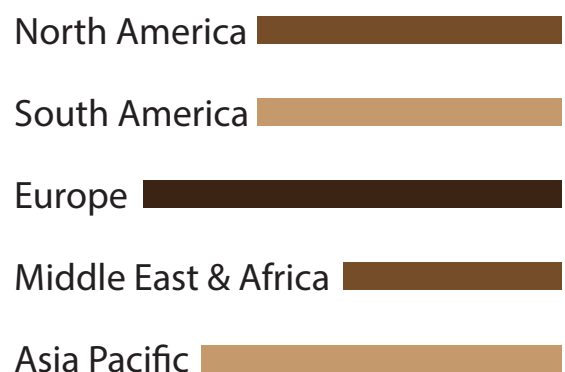

The US Quartz Stone Market Opportunity, Quartz is the Fastest Growing Category and is Still in its Growth Phase

The global quartz stone market size was valued at USD 11.64 billion in 2023 and is projected to touch USD 31.53 billion by 2032, exhibiting a CAGR of 11.6% during the forecast period. Asia-Pacific holds leading position in quartz stone market share in 2023.

It does not matter how slowly you go as long as you do not stop.
